Safe Environment Program-Adult Training (Virtus) Effective Immediately: In light of the

current health conditions, one prudent and preventative measure we're taking is to make the VIRTUS Protecting God's Children for Adults training available online as an option. Due to COVID-19, the Archdiocesan requirement for attending a VIRTUS Protecting God's Children for Adults workshop live session will be suspended. The option of the online version of the module can be offered in lieu of live training. This is a temporary safety precaution, and parishes may still offer the live training session available as an option if they prefer as long as the local county and state ordinances in effect at the time of the event are followed. Please note, the training must still be completed prior to participants working around youth, but the requirement may now temporarily be met by completing the online Protecting God's Children module. Individuals needing to attend a session will be offered the option of the online module at the time of registration. They'll still need to follow the background screening and policy completion process at the time of registration. Individuals already registered for an upcoming live session may log back into their account and change to the online module. These procedures will be reviewed and updated periodically as needed, and are in place to protect you, those you work with, and your family. Please stay safe and healthy and continue to pray for all our brothers and sisters in Christ! We're praying for all of you and your families. Questions? Sandy Vielhauer, svielhauer@archkck.org, or Jenifer Valenti, jvalenti@archkck.org. May God bless you and keep you safe.
